Dear Parents,

We are proud to announce that the school is organizing an Award Ceremony (farewell) for class 10 students. The students will be awarded in various categories. We would like to request you for your presence in the ceremony so that the children feel appreciated and encourage for better deeds in the days ahead.

Your presence is highly expected.

Date: 2069/11/29 Tuesday

Time: 1.00pm

Venue: School Premises

Dear Parents,

We are writing to invite you to a meeting for all parents of Class 10 students concerning the University of Cambridge International Examinations A Level course offered in Kathmandu University High School.

The meeting will take place in KUSOM, Balkumari, on Friday 15 March at 6.00pm.

The A level course is an option for students in Nepal, and is offered in a variety of colleges. Our course is a science course, and students study English, Mathematics, Physics, Chemistry, and an option – either Biology or Computing.

The 16-18 year old age group is considered as entering a pre-university course. The students are maturing and should be given a positive challenge in all aspects of school life, and not only prepared to obtain high grades. They need a good nurturing environment in order to obtain balance, self-confidence, thinking skills and clear future direction.

The renowned provision of the Cambridge International Examinations certainly provides a creative and demanding course in scientific thinking, skills and practice. Curriculum, resources and assessment of students' work are at the highest level of clarity and integrity.

We feel it is important that parents are informed about the A level course, since we have chosen it as a guarantee of quality.

We look forward to meeting parents and discussing the school career of our students over the next two years.

Yours sincerely,

Tejendra Rajbhandari
Principal
