May 3, 2013

Dear Parents,

I am very pleased to be back in KUHS this academic session! We are working hard to ensure that the students get the best experience of teaching and learning in the classroom and that they have the opportunity to grow in all other activities that we offer.

One very important initiative this year is the revival of The Duke of Edinburgh's International Award (first trialed here in 2010). This is available worldwide for students aged 14 – 25. The award is based round activities in different categories: Skills, Physical Recreation, and Service. There are three levels, depending on the amount of time given by the students: Bronze, Silver and Gold. At each stage, the students must take part in an Adventurous Journey.

This is a good time for KUHS to be offering the Award, since it is being given national prominence by the UK based charity and NGO, CHANCE Nepal, and preparations are underway to form a National Award Authority. It is not just schools that offer the award, but youth organizations such as the Scouts, and NGOs. But this time HSEB is also getting involved. Further information is available here: www.intaward.org, www.educationfornepal.org

I wish to congratulate the following teachers who have assumed new responsibilities in the school:

Mr Naresh Pradhan: *Coordinator of Primary School*

Mr Ricky Naga: *Coordinator of The International Award*

We also welcome the appointment of **Mrs Harimaya Niraula** as teacher of Science in the Primary School. She has substantial experience in schools in Kathmandu, and we are very pleased that she has joined the teaching staff.

We are planning meetings for parents to communicate about the curriculum and other matters, so I look forward to meeting many of you in the coming weeks.

With all best wishes,

Ian Raitt

Director

New Students in KUHS

We welcome all new students to KUHS and trust that they will settle in to school quickly. Please send any feedback if any problems have arisen. We rely on your co-operation and feedback.

Note: We have sent the list of staff with contact numbers so that you can enquire about any problems regarding your child. But please take into account the busy schedule of our staff.

Important Telephone No.

Please Note:

1. Please manage water bottle for your child compulsorily. It is essential during school hours.
2. All the books and exercise books must be covered, in brown paper or plastic covers.
3. We have sent school calendar for you. Please keep it safe and use well.

Training Program for teachers

A two days, in-service training program was organized by KUHS on 24th and 25th April 2013. Dr Madan Bisht, a facilitator of the program conducted dynamic sessions on personal development and effective teaching techniques. It was a momentous time for all the teaching staff because the session was linked up with human psychology and attitudes. It also enriched our knowledge on teaching and learning activities. The two days were also important because it helped us to sharpen our minds and knowledge.
